

Europass certificate supplement (*)

1. Title of the certificate ⁽¹⁾

Steinfaget

⁽¹⁾ In the original language

2. Translated title of the certificate ⁽¹⁾

Masonry

⁽¹⁾ If applicable. This translation has no legal status.

3. Profile of skills and competences

The holder of this document has the competence to participate in drilling and blasting block stones or shale, as well as to use all the tools employed in quarrying, and to process and lay/mount/install natural stone products. S/he

- has geological knowledge and is able to identify various types of rock and their qualities for use as masonry products
- is qualified to sort blocks and find flaws in them
- is qualified to use machines to cut and split block s, rock and shale, and assess how to split blocks
- is qualified to carry out grinding and polishing
- is qualified to carry out simple stone-cutting tasks and to cut letters, sandblast rock, and lay shingles/slates and cobbles, and install/mount natural stone cladding
- is able to carry out this work in a proper manner bearing in mind health, safety and the environment

In-depth studies must be chosen from among the four main fields according to the company where the apprentice works. The four main fields are: 1: Quarrying, including drilling and blasting, 2: Processing industry, where rock is split, sawn, cut, ground and polished into polished products for the construction and building industries, as well as carving (sandblasting) names/text and ornaments for headstones. 3: The shingle industry, where shingles and plates are split, cut and ground for various construction purposes, 4: Installation of shingle tiles, wall cladding from natural rock, pavement stones and cobbles and putting headstones in place.

The holder of this document also has skills on the upper secondary school level in Norwegian, English, mathematics, natural science, social studies and physical education. Adult students may in some cases be exempted from the requirement for the common-core general studies subjects.

4. Range of occupations accessible to the holder of the certificate ⁽¹⁾

Craft certificate as a stone mason

⁽¹⁾ If applicable

^(*) Explanatory note

This document is designed to provide additional information about the specified certificate and does not have any legal status in itself. The format of the description is based on the following texts: Council Resolution 93/C 49/01 of 3 December 1992 on the transparency of qualifications, Council Resolution 96/C 224/04 of 15 July 1996 on the transparency of vocational training certificates, and Recommendation 2001/613/EC of the European Parliament and of the Council of 10 July 2001 on mobility within the Community for students, persons undergoing training, volunteers, teachers and trainers.
